

Friends of Thomson Park

Spring-Summer 2014

Volunteer Days

Sat. Apr. 26	9:00a - 12:00p
Sat. May 17	9:00a - 12:00p
Sat. July 5	9:00a - 12:00p

This winter our volunteers removed most remaining privet that had been choking the creek and woods around the picnic area, pulled vines and dead-fall from trees, cut English ivy growing up tree trunks, opened up long-lost trails near the Park entrance... and removed a *lot* of trash & debris from a *lot* of places!

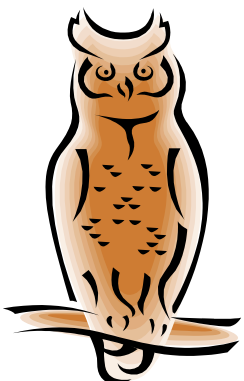

This spring and summer we will complete our work around the entrance and tennis areas. We also hope to begin planting dozens of new trees and scores of native plants, and to start marking, relocating and repairing the main trails in the woods.

Come enjoy a day outdoors with us, helping the Park! There are tasks for all ages and abilities. Bring work gloves. Additional hand equipment is useful for pruning, lopping, clipping, raking, and shoveling. (Beverages and snacks are popular, too!)

Please help us make our park shine!
